With more than 80 distinguished galleries featuring some of the best artists from around the globe, this show will, without a doubt, solidify the Palm Beaches place on the world art scene. “This event is a celebration of the incredible diversity of contemporary and modern art. We are also opening the door for deep discussions about the art, artificial intelligence, and the future of humanity,” said Art Palm Beach Producer and Director **Kassandra Voyagis**. “We're excited to welcome art enthusiasts and novices alike to an event that not only showcases exceptional art from around the world but also sparks discussions about our rapidly changing technology.”

The excitement begins with the Opening Night Premiere Party at 5pm on Wednesday, hosted by Supermodel and Impact Producer **Lais Ribeiro**.
